Frequently AskedQuestions ?

1. **Is the treatment painful?**
   Not at all. The session is completely pain-free and does not require any needles or anesthesia.
2. **Will my skin peel afterwards?**
   No. It's a cold chemical peel that works internally and does not cause visible peeling, making it ideal for returning to your daily routine immediately.
3. **How many sessions do I need?**
   Many patients notice improvements after just one session, though a series of treatments may be recommended
4. **Can it be used during summer?**
   Yes, BioRePeelCl3 is safe in all seasons, including summer, thanks to its gentle, non-invasive formulation.
5. **Is it suitable for all skin types?**
   Absolutely. It is safe for oily, dry, sensitive, and combination skin.
6. **Can it be combined with other treatments?**
   Yes, it can be paired with treatments like Dermapen or LED therapy for enhanced results.

Consultation Makes a Difference

Every skin is unique which is why a pre-treatment consultation with a specialist is key to determining the ideal number of sessions, target areas, and the safest way to achieve optimal results.

Let your skincare journey begin with expert guidance and confidence.

VALUE AESTHETIC
MEDICAL SUPPLIER

Instantly Renewed Skin

No Downtime

The Smart Peel

A revolutionary skin renewal treatment that delivers instant radiance with no pain and safe in all seasons, especially summer.

What is Smart Peel ?

A cold chemical peel that uses advanced Italian Biphasic Technology, designed to renew the skin and stimulate collagen production without any visible peeling or disruption to your daily routine.

Session Duration

Each session takes
only 10–15 minutes,
with no recovery time – resume your day immediately.

Key Benefits

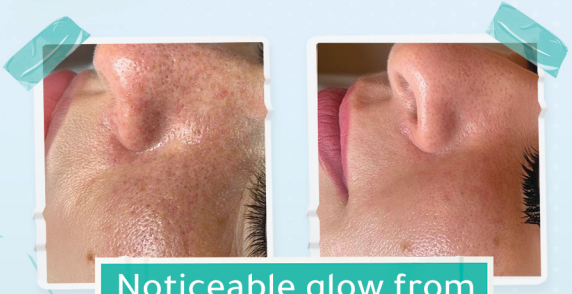

- Improves skin texture and evens tone
- Reduces fine lines and wrinkles
- Effectively treats acne and post-acne marks
- Fades pigmentation and dark spots
- Minimizes enlarged pores
- Deep hydration and increased skin elasticity
- Removes dead skin cells and boosts circulation
- Helps reduce dark circles under the eyes

Who is it for?

- Those experiencing dull or tired-looking skin
- People with enlarged pores or blackheads
- Individuals looking to soften early wrinkles
- Anyone wanting to even out skin tone
- After sun exposure or tanning sessions
- Before special occasions for an instant glow
